**Marian Jamieson's Carbon Canyon**

**Sconce** "This is an exemplary wall sconce. The scale of the metal canopy creates a beautiful backdrop to the double tubes of glass surrounding a soft glow, making this one of my favorite sconces. It is delicate enough for the smallest foyer in Boston, but would command attention in any home." **STUDIO 534, BOSTON DESIGN CENTER, (617) 345-9900, WWW.55BOSTON.COM**

**Georgian Hurricane**

"A wall sconce adds interest, and this one, from Visual Comfort, would complement most any design. A sconce provides both accent lighting and a point of interest. This one would be attractive in a pair, flanking a mirror."

**Adirondack Sconce**

"This sconce from Troy Lighting has beautiful proportions, and the finish is so elegant it would complement a number of styles." **LIGHTING BY THE SEA, HAMPTON FALLS, N.H., (603) 601-7354, WWW.LIGHTINGBYTHESEA.COM**

Among **Meichi Peng's** many accolades is being named one of *New England Home's* 5 Under 40 winners in 2010. She has designed some of the Boston area's most modern spaces, including a South End loft and luxury penthouse with panoramic city views. **BOSTON, (617) 521-8660, WWW.MEICHIPENG.COM**
